

AMENDMENT UNDER 37 C.F.R. § 1.111
Appln. No. 09/883,391

Our Ref: Q64978
Art Unit 2837

IN THE CLAIMS:

✓ Please amend the following claims:

- 
-
1. (Amended) A motor control device for a multi-phase motor, comprising:
a drive circuit for driving said multi-phase motor; and
a micro-controller for controlling said drive circuit;
wherein said micro-controller limits a motor current in accordance with an integrated
value of a predetermined function of a phase current of the motor.
